

**ADDITIONAL FISCAL MEASURES UNDERTAKEN BY THE SPANISH  
GOVERNMENT ON JULY 13<sup>th</sup>, 2012**

- The Spanish Government has presented additional fiscal measures designed to achieve Spain's deficit targets convened with the European Commission in the framework of the Excessive Deficit Procedure.
- These measures include, among others:
  - A significant **increase in tax revenues**, including VAT, corporate income tax, personal income tax and excise duties.
  - A substantial review of the **unemployment benefit regime** and of **social security** contributions.
  - Measures to increase the **efficiency of the public sector** and to reduce the **public sector wage bill**.
  - A frontloading of the sustainability factors in the **pension system**.
- The estimated impact of these measures is approximately 13.5 billion euros in the remainder of 2012, 22.9 billion euros in 2013, and 20 billion euros in 2014. This calculation **excludes the valuation of the impact of further measures**, including Energy and Environmental taxation, which will be announced at a later date.
